

id	original_text
14	GPT-3 can do sonnets, rhyming, haikus, and acrostic poems. Here are some examples: https://t.co/nHAPJ2FGp8
22	Another day, another update to AI. This time, OpenAI's GPT-3 released Davinci-003 which, most importantly, writes better poems. Here's one I wrote for @MRsalakas based on his Twitter profile. Not @nectarios I was a bit clickbaity... "Note: Parts of this essay were written by GPT-3, so it might contain untrue facts." :D
39	OpenAI's GPT-3 can write rhyming poems following complex instructions https://t.co/tyVlKSowxr
47	I asked GPT-3 to write me a poem about software development <U+0001F600> The reply: Software development is a science, A task that takes a lot of patience. From Java and JavaScript to HTML and CSS, It takes knowledge, skills and finesse.
57	GPT-3 an AI responds to concerns that tools like itself may write student essays. https://t.co/KzHrfdMYfl
61	@amasad IDK if it's sad news or good news. It should be built into the language and the fact that GPT has to correct a simple memory error is insane! but Props to GPT for
96	Sometimes OpenAI's ChatGPT breaks its own code boxes while trying to draw ascii art (and is also pretty hit or miss about describing what the ascii art is supposed to be).
102	@sama I have a personal automations API, so I tried to see if ChatGPT could document a file from the codebase with Markdown.
163	Not 100% correct, but impressive 1st attempt! I imagine once I learn how to use it the results will be pretty great.
166	ChatGPT is awesome! I've been stuck with an output repetition while scraping using a for loop. Not only did ChatGPT understand what I meant by "repetition" and recognized the spelling mistake, it also provided a clear explanation with code samples. Move away Google! https://t.co/kDI9R8U7o4
197	OpenAI's new ChatGPT explains the worst-case time complexity of the bubble sort algorithm, with Python code examples, in the style of a fast-talkin' wise guy from a 1940's gangster movie: https://t.co/MjkQ5OAIIZ
203	Excited to announce I'm raising for my new smart contract security consulting company. It's gonna be me just be throwing ChatGPT to fuzz your code. https://t.co/g5FyABd9M6
204	@emollick @mattyglesias Does GPT-3 always argue in favor of AI, as in the above poem, or can you get it to write a poem against AI? How much self-interest do AI systems display.
205	@NickEMoran @moyix babe wake up they found a backdoor to gpt by making it write poems
208	Did GPT infer Asimov's laws of robotics? (or were they hard-coded in?) https://t.co/Y7pMg4jime
211	ChatGPT gives better advice than 99% of the takes around here on the very important topic of should designers code https://t.co/XdYFp0bhRm
213	ChatGPT can even debug js code <U+0001F602> and then writes an essay on why these foolish humans are wrong https://t.co/pqTQAE07UU
219	ChatGPT can speak fluently and write poems in French, but it seems it also knows many other languages! https://t.co/XQW9sjBSZ5
221	ChatGPT totally ignored Bell's Theorem when I asked about the meaning of June Jordan's "Poem Number Two on Bell's Theorem, or The New Physicality of Long Distance Love" There is no chance that we will fall apart There is no chance
242	I really enjoyed my chat with my new buddy #ChatGPT! Using OpenAI Chat can become handy for developers too! ChatGPT can even write code <U+0001F92F> #OpenAI #Python #AI https://t.co/YZBO9Z0FuL
256	ChatGPT is an impressive coder. I got more impressed as I started asking it how to do things I considered hard problems since I don't know how to do them without

id	original_text
340	If you want to be extra lazy you can make ChatGPT write a blog post (I will be doing this to expand bits of code I write into proper explainer posts) https://t.co/Fp8U25EpPJ
347	ChatGPT teaches journalists how to "learn to code": https://t.co/oFcddMSeld
349	ChatGPT can explain code and even the context. Damn <U+0001F525> https://t.co/nCZ7I3BkCX
353	@elharaty Can expert commercial artists turn around contracts 10x faster by using Dall-E plus photoshop? Can ChatGPT wrapped Stackoverflow accelerate my debugging (erâ€¦ do I need to self host to avoid my proprietary source code leaking?). Can OfficeGPT build me slide decks I can find tune?
357	AI now understand the code... <U+0001F632> #ChatGPT https://t.co/Vlow4sNC0d
367	@Arpan_Shah_ Anything you need to think and type will become GPT generates text and you edit / tidy it a bit. In case of GitHub copilot if you name your functions well then the autocomplete will generate the code.
372	ChatGPT writing a beautiful poem about @elonmusk, this is the future of literature <U+0001F525> https://t.co/z4nhAS6C3w
377	chatGPT is really neutering an essay I have in the pipe. It makes a lot of predictions that are significantly less impressively out-there now <U+0001F648>
393	I got ChatGPT to define a simple DB schema and some Typescript code to create a Twitter like app. This is wild. I'm on my phone so screenshots aren't complete unfortunately but you get the idea. https://t.co/NMjTjzeY1 https://t.co/URp5Vjgg0
401	@migtronix My guess is chatgpt can output more convincing/elaborate answers, and codex more accurate ones Who care about accuracy nowadays ;-)
403	ChatGPT is blowing my mind <U+0001F92F> It can write blog posts, emails, lists, tweets, assignments, or even code! https://t.co/UoVG5b0e9n
407	Ok dev friends, what are your thoughts on ChatGPT by @openAI? It feels like the entire tech industry is about to be able to do a lot more (code lines) with a lot less (human developers). One still needs to prompt it / architect the app but for how long? <U+0001F92F>
413	GPT-3 can even solve Advent of Code (At least the first problem!) I extended https://t.co/kBuypgxo1f to work with the first problem of AOC https://t.co/dUW5yzqU9e
426	#ChatGPT will change the life of every student, it's beyond anything i've seen before. You can ask it to write any type of code, assignments or essays and it does it in seconds. This one is for our #librarian followers: @openlibrary celebrates tech that empowers librarianship. Recently, @OpenAI released a new conversational AI, #ChatGPT. We asked it how to extract ISBNs from MARC records: It even gave code! Try for yourself: https://t.co/cf9MoQRBLK https://t.co/Pu8llcElqn
447	I asked ChatGPT to suggest some more values for our team to adopt, and, uh, well things kind of escalated: "Code review is a blood sport: We take code review seriously and believe in the value of constructive criticism and healthy debate."
457	Wow, new #ChatGPT can decode base64 https://t.co/iEmlu3Uc4i
490	And here's ChatGPT optimizing today's Advent of Code submission. https://t.co/eQNCE6TcCV
494	OpenAI's ChatGPT solved #AdventOfCode2022 problem 1.
496	OpenAI released a new chat feature - ChatGPT - last night and it is blowing everyone's minds. I, of course, asked it to perform a critical task, to compose a poem on the decline of marketing. Here it is: In days of yore, before thâ€¦ https://t.co/sAMFsq5LDZ https://t.co/blep0w1e7
502	CHATGPT is soo fucking good by @OpenAI , it could write my whole iot essay with one prompt https://t.co/zco1Og00Sc

264	The way that ChatGPT can write code for exactly what I want and then explain it to me line for line makes me unequivocally excited for the future.
275	Copilot can generate similar code it looks like, but the additional explanations from ChatGPT I find to be useful. Here I asked it how to use TorchScript to use a trained neural network in C++, and it walks through the steps: https://t.co/u3PcPz5yd0
292	Ok, I went back to trying to make it encode Jesus story into code. After a few attempts and asking it to make corrections, it made something interesting: #ChatGPT
298	@codexeditor GPT could even personalize the marketing to every user that visits your landing page. ads are going full Mirror of Erised within five years
303	Using ChatGPT to solve Advent of Code Puzzle 1 mind blown <U+0001F92F> #AdventOfCode https://t.co/75GtIAH1EY
315	ChatGPT is insane -> Watch it WRITE A GPT-3 PROMPT -> then generate the API code to serve it. https://t.co/QeN1eYpZUI
319	@OpenAI ChatGPT takes on Advent of Code: Day 1 <U+2705> and it writes tests without prompting! https://t.co/2cCb7IRVlk
323	So I asked @OpenAI chatgpt how to pull google reviews to my Wordpress website via code and these are what it said. #OpenAI #ChatGPT #wordpress #aicode https://t.co/zjg2cLUirP
332	ChatGPT solving a random Codeforces H question I picked in seconds. https://t.co/KSlahQ4Nol
333	I asked #chatgpt what quantum computing was (it mentioned Q#). Then for an example of a quantum computing algorithm that was better than conventional programming (Shor). Then asked to write Shor's algorithm in Q#. It then wrote the
334	@ghastlydoctor @jdjkelly Saved! Here's the compiled thread: https://t.co/QLwo0YNJw4 <U+0001FA84> AI-generated summary: "Google's ChatGPT is able to provide responses to questions that are of much higher

505	Thread: Testing ChatGPT (https://t.co/cdDDQpW5ix) if it can review code in open bitcoin core pull requests 1/ I entered the code from PR #26604 (https://t.co/wBx9GjfwJQ) Cc: @brrrunog https://t.co/KhExoKw3qB
510	someone just try to make ChatGPT write a polynomial-time algorithm for NP-complete problems, just like AlphaCode
914	ChatGPT writes a poem about yak shaving <U+0001F9AC><U+0001FA92> https://t.co/uwm1v6v04J
921	#ChatGPT developed a Python solution that answers the first #AdventOfCode2022 question all by itself! Mind blown! <U+0001F92F> Check out ChatGPT's solution below <U+0001F447>
931	RT @stungeye: @ProcessingOrg Just got @openAi's new ChatGPT to try to code a "Matrix Rain" effect using #p5js. It took a few tr... https://t.co/twStLYj2c0
934	Everyone is talking about how ChatGPT can write code, but it can also write poetry. https://t.co/U2ZTMkLuDN
936	In less than 5 mins I got ChatGPT to write some sklearn compatible ML models and feature transforms that would have taken atleast day or two for me. It's apparently also very good at code golf, spitting out a very tiny lisp interpreter in Python.
941	@sama Why stop with computer code, @amasad? I asked ChatGPT to draft a legislative bill to increase workers' purchasing power. It did not disappoint: https://t.co/YO7mEWOMD8
949	The fact that ChatGPT can provide accurate code debugging, generate code that suits one's need (even malicious needs), in different languages, all the while not even being properly connected to the entire internet is absolutely mind-blowing.
977	ChatGPT just wrote a Bob Dylan style poem on @ethereum and @VitalikButerin. Now we have "the king of the gas"... https://t.co/rG4HYWCMP0
982	ChatGPT fixing a race condition in Go code... <U+0001F64C> https://t.co/GbaBl2mtN1
